

TSB

Here at Moat Farm Junior School, we celebrated National Careers Week with a variety of activities.

We held a careers fair on Monday 2nd March. During this careers fair, we were visited by a large group of professionals who kindly donated their time and support for our children. The children were able to visit our professionals and gain an insight into what their job was and what qualifications they needed. The day was a huge success and children found that they had new aspirations!

Cover Letters

Here at Moat Farm Junior School, we celebrated National Careers Week with a variety of activities.

In addition to the careers fair that we held on Monday 2nd March, children researched what CV's are and how they look and from this wrote a cover letter for a job that they want to do when they leave school. This ranged from a nurse, teacher, architect, dental nurse, dentist to an architect!

Towards the end of the week, we also had a visit from Worcester University to give us an insight into what life was like at university and what going to university allows you to do.
